

# HDO Youth Wig Program

[www.hairdonationottawa.com](http://www.hairdonationottawa.com)

## Hair Donation Ottawa

Hair Donation Ottawa raises funds for cutting edge child and adult cancer research and empowers kids with hair loss by providing them with free wigs.

## Caralyn's Hair & Wig Design and Hair Donation Ottawa

have come together and created a program to offer free human hair wigs to families who do not have medical insurance. Along with the wig we provide support before, during and after the hair falls as well as provide a free head shave.

We recommend making the consultation appointment before the hair starts to fall. If this is not possible please bring pictures with you of the hairstyle for us to use as a reference for the wig.

## We Believe.

We understand how hard it is to lose your hair. Every year many children and youth experience hair loss due to cancer treatments, alopecia, burns and more. We believe that everyone deserves the chance of having a wig to improve their self esteem and self image.

## How to apply.

To take part in our wig program we ask that you fill in our consultation form and call Caralyn's Hair & Wig Design to schedule your consultation. The consultations can be done in a private room at the salon or if require a consultant can make arrangements to come to you.
